

REMARKS

Claims 1-43 are pending in the application. In order to expedite prosecution, claims 1-43 are cancelled and claims 44-86 are added herein. Explanations of the amendments are below. No new matter has been added. Claims 1-43 were rejected. In light of the amendments in response to the Office Action dated October 5, 2007, reconsideration of the application is respectfully requested.

Rejections Under 35 USC §101:

Claims 31-41 stand rejected under 35 USC §101 because the claimed inventions of the claims 31-41 are directed to non-statutory subject matter.

The applicant cancelled claims 31-41, and many of the limitations are incorporated in the new added claims as method and system claims.

Rejections Under 35 USC §102:

Claims 1-43 stand rejected under 35 USC §102(e) as being anticipated by *Aggarwal, et al.* (US Patent No. 6,917,969). While the applicant disagrees with the propriety of the rejections, in order to expedite prosecution, the claims have been amended towards methods and systems for physical fitness activity.

Specifically, the applicant cancelled claims 1-43, added claims 44-86, and amended the title to: "METHOD AND SYSTEM FOR PHYSICAL FITNESS ACTIVITY USING A PORTABLE INTERACTIVE DEVICE". The added claims 44-86 are methods for physical fitness activity using a portable interactive device and systems for physical fitness activity, with limitations supported by the specification.

Therefore, the applicant respectfully requests that the added claims are reconsidered for allowance.

CONCLUSION

In view of the above amendment, applicant believes the pending application is in condition for allowance.

Applicant believes no fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 50-2207, under Order No. 41963-8002.US01 from which the undersigned is authorized to draw.
